

## WORKSHOP FOR TEACHING ASSISTANTS

The Teaching and Learning Committee organized a workshop for Teaching Assistants of IIT Mandi on 28 April 2018. Eleven research scholars participated in the event. The workshop was coordinated by Prof. Ramesh Oruganti and Dr. Manu V. Devadevan, with assistance from Ms. Manu Shree, Research Secretary, IIT Mandi.

The workshop was meant to familiarize scholars with various aspects of teaching and the responsibilities of Teaching Assistants. The scholars were introduced to these aspects through a series of activities that helped them to gain first-hand understanding of responsibilities of teachers and teaching assistants. The workshop was well-received, and the participants observed in their feedbacks that similar workshops must be held at regular intervals in the future. The participants were given a certificate of participation at the end of the workshop.

### Feedbacks

1. "TLC Workshop was really informative, especially for the students who want to make their career as teachers."
2. "This kind of Workshop should be compulsory for all TAs before the start of each semester."
3. "I appreciate this and want to attend similar workshops in future also."
